WHY ETHICS ESSENTIALS

Good answers are balanced, practical and honest about trade-offs.

"Help me write what I would actually do."

Ethics is often left for the end because it seems familiar. Yet it is the paper where the gap between a reasonable answer and a strong one is widest: in how options are weighed, how stakeholders are considered and how a decision is defended. Ethics Essentials builds that judgement through practice, evaluation and one-to-one mentoring.

SECTION A

Theory with clarity

Concepts and thinkers, applied to real situations.

SECTION B

Case studies

Options, stakeholders and a defensible decision.

FEEDBACK

Written evaluation

On clarity, balance, examples and the options you weigh.

MENTORING

One-to-one sessions

After every test, and every week in Daily Answer Writing.
